1

## About Me

An overview of my background, skills, and design philosophy.

2

## What I Do

See my proficiency in architectural software and technical capabilities.

3

## Experience

Explore my journey as an architect, showcasing diverse projects, technical proficiency, professional development, and notable achievements.

4

## My Work

Showcase of key projects highlighting design process and outcomes.

# Table of Content

# 1

Hi! My name is Adanna Peace Nnajofo. I am an innovative Architect with a passion for sustainable design and programming, committed to creating impactful and efficient architectural solutions.

## About Me

# About Me

I am a passionate architect dedicated to creating innovative and sustainable designs that enrich communities and elevate experiences. With a Bachelor's degree in Architecture and 7 years of experience in leading design firms, I bring a blend of creativity and technical expertise to every project.

My work is driven by a commitment to integrating functionality, aesthetics, and environmental responsibility. I believe in creating spaces that not only meet the needs of today but also anticipate the demands of tomorrow. Let's collaborate to bring your architectural vision to life.

# 01

**Sustainability:** Commitment to designing environmentally responsible buildings and spaces that minimize ecological impact and promote long-term sustainability.

# 03

**Timeless Design:** Focus on creating timeless and enduring architecture that transcends trends and fads, embodying principles of beauty, functionality, and longevity.

# Values

# 02

**Innovation:** Dedication to exploring new ideas, technologies, and design approaches to create unique and forward-thinking architectural solutions.

# 04

**Community Engagement:** Prioritizing collaboration with stakeholders, local communities, and end-users to create inclusive and culturally sensitive spaces that resonate with the people they serve.

# What I Do

Transforming ideas into cohesive architectural concepts that address client needs and project objectives.

Creating visually stunning and functional spaces through careful consideration of form, function, and context.

# My Resume

## Adanna Nnajofofor

An innovative architect specializing in sustainable design and programming.

## Education

2012-2016

Enugu State University of Science & Technology.

2019-2022

University of Nigeria, Nsukka.

## Skills

Design

visualization

Programming

## Experience

2019-Present

Pointline Konsult

2000 - 2006

**Airforce Primary  
School Enugu**

First school leaving  
certificate.

2006 - 2012

**Providence High  
School Enugu**

West African senior school  
certificate (WAEC).

2012 - 2016

**Enugu State  
University of Science  
and Technology  
(ESUT)**

Bachelor of science in  
Architecture. (B.sc)

2019 - 2022

**University of Nigeria  
Nsukka**

Master of science in  
Architecture. (M.sc)

# My Education

# My Experience

2015 - 2016

## A-Visuals & Associates

Industrial Training. (IT)

2018 - 2019

## Abua/Odual LGA Council, Rivers State

Graduate Architect during NYSC.

2019 - Present

## Pointline Konsult

Architect

As an architect, I lead the design, supervision, and feasibility assessment of projects, collaborating with stakeholders to ensure innovative, sustainable solutions that exceed expectations and positively impact the built environment.

# My Skills

2015 - Present

## ArchiCAD

Proficient in using ArchiCAD for creating detailed architectural drawings and building information modeling (BIM) to enhance design accuracy and project efficiency.

2015 - Present

## AutoCAD

Skilled in AutoCAD for precise 2D drafting and 3D modeling, ensuring meticulous design and documentation

2015 - Present

## Atlantis

Competent in using Atlantis for quick and easy rendering, creating photorealistic images and animations.

2017 - Present

2017 - Present

2023 - Present

## Lumion

Experienced in Lumion for producing high-quality architectural visualizations and realistic renderings that bring designs to life.

## Photoshop

Adept at using Photoshop for editing and enhancing architectural presentations, including creating compelling visual content and post-processing renderings.

## Programming Languages

Knowledgeable in various programming languages, enabling the integration of computational design and automation in architectural workflows.

## Innovative Design

Create unique and innovative architectural solutions that address contemporary challenges and client needs.

## Sustainability

Integrate sustainable practices and materials to minimize environmental impact and promote energy efficiency.

## Client Collaboration

Foster strong client relationships through effective communication and collaboration to ensure project success.

## Technical Excellence

Utilize advanced software and programming skills to enhance the precision and efficiency of design and construction processes.

## Quality Assurance

Maintain high standards of quality in all phases of a project, from initial concept to final execution.

## Continual Learning

Stay updated with the latest trends, technologies, and methodologies in architecture to continually improve skills and deliver cutting-edge solutions.

My  
Objectives

”

“Design is not just what it looks like  
and feels like. Design is how it works.”

—Steve Jobs

## A Residential Development

This design is a 7 bedroom duplex comprising of: bedrooms all ensuite, kitchen, store, dining, main lounge, private lounge.

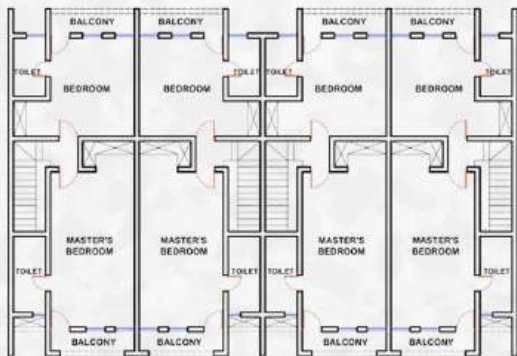

GROUND FLOOR PLAN

ROOF PLAN

FIRST FLOOR PLAN

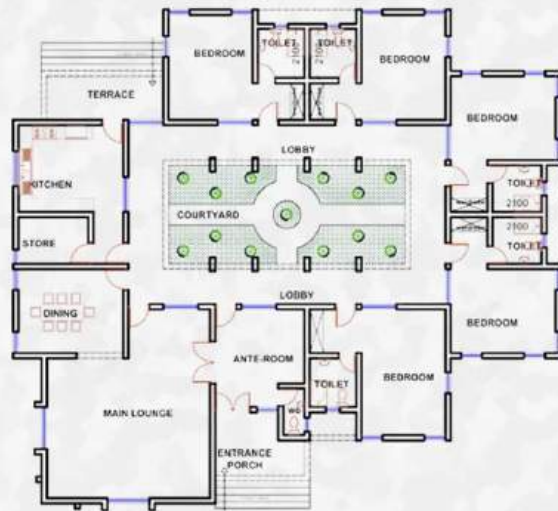

## A Residential Development

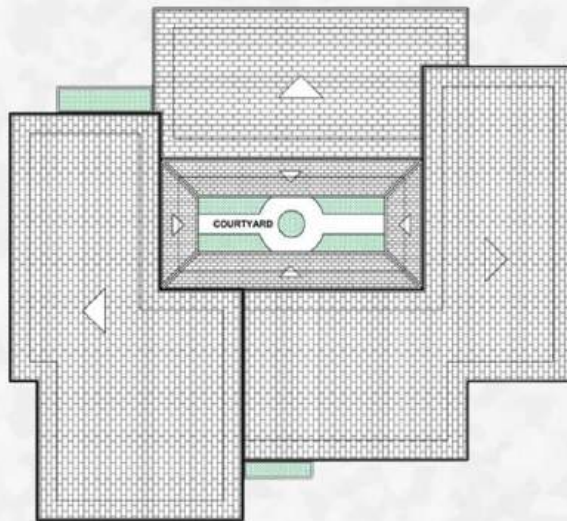

This design is a Block of flat of 4 flats comprising of: bedrooms all ensuite, kitchen, store, dining, main lounge.

FLOOR PLAN

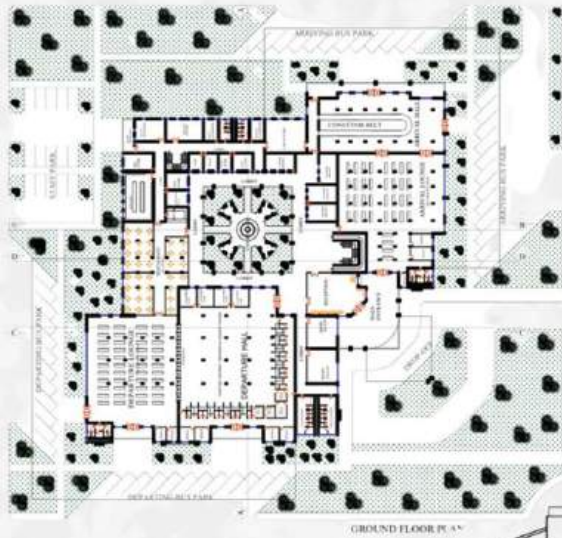

APPROACH VIEW

## A Residential Development

This design is a Bungalow which incorporate vernacular architecture elements to achieve thermal comfort. It comprises of: bedrooms all ensuite, kitchen, store, dining, main lounge.

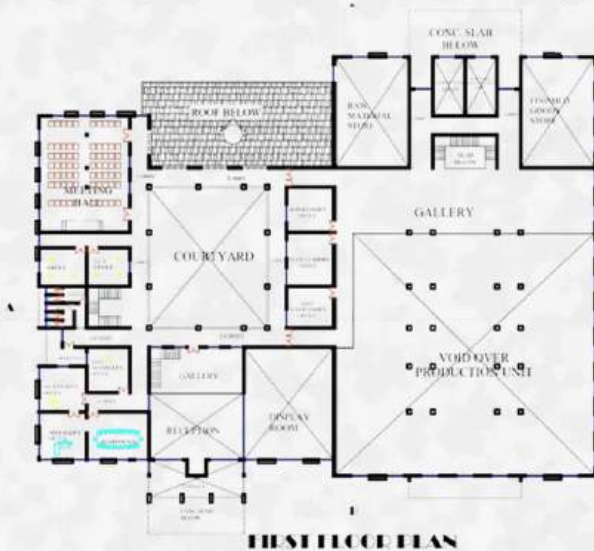

FRONT VIEW

## A Commercial Development

This design is an Intercity Bus Terminal. It comprises of: Reception, Arrival unit, Departure unit, Staff unit, Restaurant, Offices, Shops.

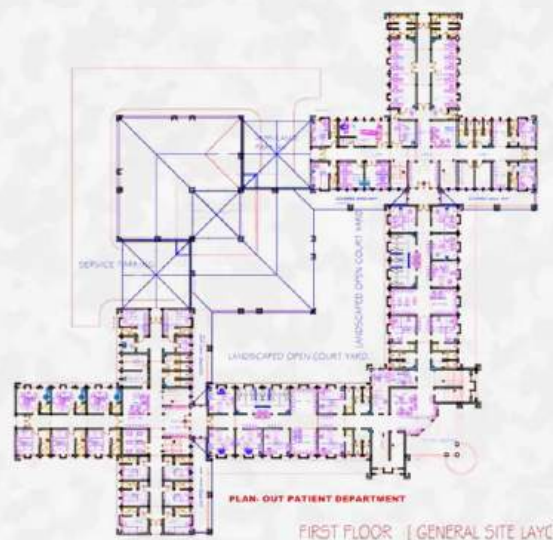

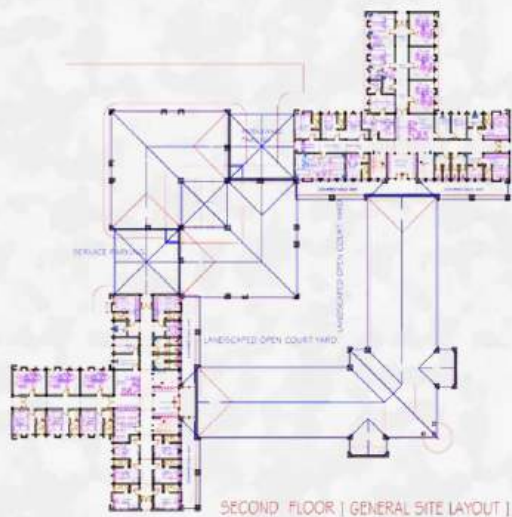

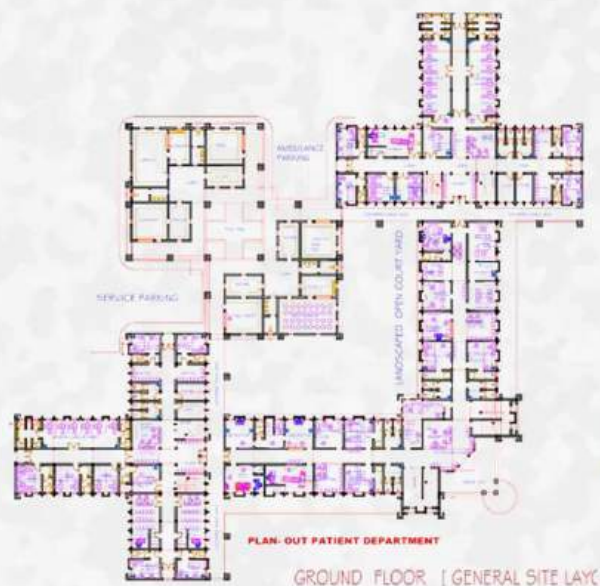

## A Commercial Development

This design is a Garment Factory. It comprises of: Reception, Raw materials store, Production unit, Finished Product store, Staff unit, Restaurant, Offices, Shops.

## A Commercial Development

This design is a General Hospital. It comprises of: Reception, Consulting room, Wards, Lab, X-ray room, Ultrasound, Clinic, Emergency, Staff unit, Restaurant, Offices, Shops.

## Interiors

These are some of the interiors I have done.

- Kitchen
- Bar
- Lounge
- Bus terminal

# Sneak Peek

A picture is worth  
a thousand  
words, but a well-  
crafted design  
speaks volumes.

A picture is worth a thousand words, but a well-crafted design speaks volumes.
